| Naslov                                                                                                                               | URL | Autori            | Naslov izvornika |
|--------------------------------------------------------------------------------------------------------------------------------------|-----|-------------------|------------------|
| Increasing Motorway Operational Capacity by Dynamic Adaptation of Variable Speed Limit Zones Based on Cooperative Learning Agents    |     | Kušić, Krešimir   |                  |
| Automatic brightness control in near-infrared spectrum using approximate face region detection                                       |     | Vugrin, Jurica    |                  |
| Klasifikacija modova prijevoza višerazinskom metodom zasnovanom na matricama prijelaznih stanja i stablima odluke u stvarnom vremenu |     | Erdelić, Martina  |                  |
| Solving the Electric Vehicle Routing Problem Using a Hybrid Adaptive Large Neighborhood Search Method                                |     | Erdelić, Tomislav |                  |
| Autonomna navigacija mobilnih robota zasnovana na ultrazvučnim senzorima udaljenosti                                                 |     | Ivanjko, Edouard  |                  |
| Cooperative Ramp Metering for Urban Motorways Based on Machine Learning                                                              |     | Gregurić, Martin  |                  |
| Upravljanje mlinovima ugljena u termoelektranama na ugljen                                                                           |     | Franković, Valdi  |                  |
